Jim,
Will you be able to accommodate Duster on this date change for WZ?
Thanks, Brad

Eric, Jim, Allan and Brad,

I am postponing the inspection at Western Zirconium to the week of August 1st. The reason is that NEIC has decided to go through a method verification process for their D003 reactivity analytical method before they receive any more of these type of samples.

If this date does not work for you, please let me know.

Thank you for your flexibility in this matter.

Sincerely,

David
